Rodents

Outside

Address: 361 9th Street, Midrand

Date	Area	Treatment Done:
Jun 2018	Building 1 – Acacia	<ul style="list-style-type: none">All boxes were re-baited / We have noticed a decrease in activity to a manageable state
	Building 2 – Baobab	<ul style="list-style-type: none">All boxes were re-baited / Increased rodent activity detected
	Building 3 – Coral	<ul style="list-style-type: none">All boxes were re-baited / Increased rodent activity detected
	Building 4 – Flamethorn	<ul style="list-style-type: none">All boxes were re-baited / 4x Boxes were re-installed with new screws / Increased rodent activity detected
	Building 5 – Dombeya	<ul style="list-style-type: none">All boxes were re-baited / We have noticed a decrease in activity to a manageable state / 2x boxes were tampered with. These have been re-installed and checked for damage
	Building 6 – Cardenia	<ul style="list-style-type: none">All boxes were re-baited / We have noticed a decrease in activity to a manageable state
	Building 7 – Ebony	<ul style="list-style-type: none">All boxes were re-baited / We have noticed a decrease in activity to a manageable state / 2x boxes were re-installed with new screws
	Refuse area	<ul style="list-style-type: none">We have rezoned the existing boxes and added 2x more boxes in this areaIncreased rodent activity detected.

Area	Findings
Refuse area	In general we found an increase of activity in this area. The boxes in this area have been rezoned and 2 more boxes were added.
Buildings 1 – 7	<ul style="list-style-type: none">There was an increase of activity at Baobab, Coral, Flamethorn and the Refuse areaWe have noticed a decrease in activity at Acacia, Dombeya, Cardenia and Ebony

General findings	<p>It is our conclusion that due to the weather and seasons changing, we have noticed an increase in rodent activity.</p> <p>With regards the rodent boxes that need to be re-installed and replaced, please can you advise the cleaning staff not to move or damage the boxes, as this will cause an increase of rodent activity.</p> <p>We have also found that you have an ant infestation. Treatment is recommended. Pestinators can assist you with this treatment.</p> <p>During our inspection we found evidence of cockroaches. We can assist all the owners with this treatment.</p>
