Area	Findings
Refuse area	We found that 4 out of the 5 boxes at the refuse area were missing. These will have to be replaced. While we were re-baiting, we found a few large rats scurrying away
Buildings 1 – 7	There was an increase of activity at Acacia, Flamethorn and Cardenia. We have also noticed that at some of the blocks that you have an ant problem

General findings	<p>It is our conclusion that due to the weather and seasons changing, we have noticed an increase in rodent activity.</p> <p>With regards the rodent boxes that need to be replaced, please can you advise the cleaning staff not to move or damage the boxes, as this will cause an increase of rodent activity.</p> <p>We have also found that you have an ant infestation. Treatment is recommended. Pestinators can assist you with this treatment.</p> <p>During our inspection we found evidence of cockroaches. We can assist all the owners with this treatment.</p>
